Professional Summary

Software Development Intern at LC Studio, based in Cape Town, with experience building REST APIs using Node.js, Express and MySQL, and responsive interfaces with Vue 3. Contributes to team projects using Git and GitHub, with hands-on experience in JWT authentication, database design and frontend–backend integration.

Skills

Frontend: JavaScript, HTML, CSS, Vue 3, Vue Router, Vite, responsive design

Backend: Node.js, Express, REST APIs, JWT authentication

Database: MySQL, database design

Tools and collaboration: Git, GitHub, Vercel, GitHub Pages, Agile teamwork

Professional and Personal Development Skills

Work Experience

Software Development Intern, LC Studio, Life Choices Academy, Cape Town | April 2026 – Present

- Build full stack applications in an Agile team using Vue, REST APIs and GitHub
- Integrate backend REST APIs with Vue interfaces for team development projects

Casual Worker, Department of Labour, Cape Town | March 2023 – April 2025

- Kept offices and facilities clean in a busy government department, working reliably and punctually

Projects

RePrint: Custom 3D Printing E-commerce Platform | Life Choices Academy | August 2026

Node.js, Express, MySQL, JWT, Vue 3

- Developed the backend REST API using Node.js, Express and MySQL, implementing JWT authentication
- Collaborated on a team application with a Vue 3 frontend supporting product browsing, cart and wishlist features, custom design requests, and staff and admin portals
- Live site: https://reprint-kappa.vercel.app/ https://github.com/imaanabrahams/RePrint | API: https://github.com/imaanabrahams/RePrint-API

Modern Tech Solutions: HR Management System | Life Choices Academy | July 2026

Node.js, Express, MySQL, Vue

- Designed the MySQL schema and developed a secured REST API for the attendance module, including filtering and pagination
- Integrated attendance endpoints with the Vue frontend as part of a team HR application covering employees, attendance, leave and dashboards
